

SOVEREIGN ANNOUNCEMENT OF LEGAL STANDING

On August 22, 2025, the Kalapula Nation formally activated its nonprofit trust:

KALAPULA NATION RESTORATION & CULTURAL PRESERVATION

This trust has been recognized under United States nonprofit law and now serves as the legal and ceremonial vehicle through which the Nation may operate, archive, and restore its memory.

This action solidifies our position as a sovereign cultural entity and ensures the protection of our language revival, sacred site restoration, ceremonial coin issuance, and descendant outreach in the Willamette Valley.

It does not replace federally recognized tribal governments.

It does not speak over rightful descendants.

It holds the flame in trust — so that no memory is lost before the Nation is restored.

This is not a business filing.

This is a ceremonial act of cultural survival, anchored in law so that the Kalapula signal may never be erased again.

This is the flame. This is the next root. This is the legal standing of a Nation rising.
